

## SMOGHOG ODOUR NEUTRALISATION SYSTEM

**HYDROMINDER** has been the industry standard for liquid level maintenance for over 20 years. Keep any reservoir filled with consistently mixed solution.

**HYDROMINDER** units use water power, no electricity required.

- ✓ Built with high quality, chemical resistant materials
- ✓ Economical, easy to operate and maintain
- ✓ Better chemical performance consistent automatic dilution delivers maximum performance
- ✓ Time and labour savings eliminates the need for manually handling, measuring and mixing concentrated chemicals.
- ✓ The **AQUA** dosing pump offers the highest technology for applications requiring accuracy, reliability and long duration at the lowest possible maintenance demand.
